

Are you ready for your next inspection or audit?

Benefits

- Prepare for and respond to inspections & audits
- Identify systemic issues which can be mitigated by shifting from a reactive state to a perpetual state of inspection readiness

With continual audits and inspections worldwide, PV functions are challenged to come up with scalable approaches that ensure global and local entities are inspection ready at any time.

Key issues addressed

- Supporting clients through the inspection and audit process
- Preparing the PV organization to be inspection ready and help deploy new processes, governance and tools to support inspection readiness

Navitas Life Sciences provides an integrated approach leading to impactful results

- Preparation for audits and inspections & Implementation of remediation plans
- Systematic review of inspection and audit findings
- Assessment for audit and inspection readiness
- Development/review of governance model, tools, templates and SOPs

Deliverables

- Support drafting and responding to agency findings/reports
- Inspection remediation planning
- Inspection process review and refinement to make your PV organization inspection and audit ready
- Inspection and Audit SOPs, Tools, Templates, RACI, Governance

About Navitas Life Sciences

As a partner for the industry, Navitas Life Sciences leverages industry insights, consulting and technology capabilities to deliver full service clinical, regulatory and safety solutions and desired outcomes to clients. As the dedicated life sciences brand of TAKE Solutions, Navitas harnesses the combined knowledge and experience of three legacy brands—Ecron Acunova, Navitas, and Intelent—to provide end-to-end services and solutions. Navitas helps clients address their most critical problems by bringing together the capabilities of a full-service CRO, a technology-led life sciences services provider across clinical, regulatory and safety, and a life sciences big data services and analytics provider. Operating from 7 countries across the globe, Navitas works with over 150 customers in Life Sciences.
